

CONDUCT HEALTH SCREENING EACH TIME EMPLOYEES OR VISITORS ENTER THE FACILITY.

You may also opt to conduct temperature screening if it can be done with proper social distancing, protection, and hygiene protocols. However, temperature screening is not required.

If a worker or visitor answers “Yes” to any of the screening questions or has a measured temperature above 100.4°F, they should be advised to go home, stay away from other people, and contact their health care provider.

Visitor and Employee Health Screening Checklist

Have you had any of the following symptoms since your last day at work or the last time you were here that you cannot attribute to another health condition?

Please answer “Yes” or “No” to each question. Do you have:

- Fever (100.4°F or higher), or feeling feverish?**
- Chills?**
- A new cough?**
- Shortness of breath?**
- A new sore throat?**
- New muscle aches?**
- New headache?**
- New loss of smell or taste?**
